Yelster digital, an Austrian IT-Company, develops innovative online services for individuals and businesses. Founded in 2007, yelster digital employs an international team of more than 35 experts and is since mid-2010 part of the French Solocal Group. Yelster digital offers an exciting work environment combining the agile independency and flexibility of a startup with the backing of an expanding, international corporation.

To support our teams in Vienna or Salzburg we are looking for passionate and dynamic talents with work experience – preferable in Startups – and the commitment to actively move the company forward.

We are currently seeking to extend and develop a global platform for online services targeting SMEs for

(Senior) Python Developers

Your responsibilities:

- „Full-Stack" Development web and mobile platforms
- Teamwork in an international, distributed setup
- Optimization and adaptation of web and mobile platforms for new markets

Your profile:

- (Professional) experience with Python and it's standard library
- Experience with web development framework Django
- Javascript knowledge is a plus
- Working with Linux (debian/ubuntu) feels natural
- Experience with Version control systems (GIT)
- Database (postgres) and key/value store knowledge
- Excellent written and spoken English is a must (German, Spanish, French appreciated)

We offer:

- Altering, challenging tasks in a dynamic environment being part of an international team
- Start immediately
- Full-time position with a long time career perspective
- Pleasant work location in the heart of Vienna or Salzburg (optional Madrid or Paris)
- Compensation above average and according to actual experience, but at least 39.158 EUR gross annually in compliance with the Austrian IT-Kollektivvertrag.

Interested? Please send us your meaningful CV including a photo, a personal introduction and a motivational letter via email to: hr-vienna@yelsterdigital.com
